MZOs Loading Screen Replacement

How to install ?

1. OpenIV (If you dont have it installed, search up a installation tutorial online, it isnt very hard)
2. Go to "mods / Update / Update.rpf / x64 / Data / cdimages"
4. Enable Edit Mode, and open "scaleform frontend.rpf", replace all the files with the files from scaleform frontend folder.
5. Open "scaleform platform pc.rpf", replace all the files with the files from scaleform platform pc folder.
6. Close
